

# Oregon Season Tracker Site

**Citizen Scientists are collecting precipitation data, and observing & reporting seasonal changes in plants at this site**

Precipitation data is collected for the Community Collaborative Rain Hail & Snow Network (CoCoRaHS) and used by the National Weather Service, PRISM, climate modelers & emergency managers.

Plant phenology (seasonal change) data is collected for key species identified across the state of Oregon. The data is used by the USA National Phenology Network, HJ Andrews Experimental Forest Long-term Ecological Research site, and others.
